

JUBO BANGLA SAMITI

Civic Grievance & Public Awareness Initiative

JUNE PLAN

Planning Paper – Phase 1

Vision

To identify local civic issues through data collection, document them systematically, and create constructive awareness while assisting concerned authorities with actionable information.

1. OBJECTIVES

Primary Objectives

1. Collect data regarding civic and public problems from local communities.
2. Create a transparent grievance reporting system.
3. Raise awareness through factual and evidence-based content.
4. Facilitate communication between citizens and relevant authorities.
5. Build a reliable public database of local civic issues.

2. IMPLEMENTATION ROADMAP

Phase A – Grievance Portal Development

Responsibility

Web Development Team

Tasks

- Develop an online grievance portal.
- Allow citizens to submit complaints and local issues.
- Categorize issues such as:
 - Roads
 - Drainage

- Water Supply
- Electricity
- Health Services
- Education
- Public Safety
- Environment
- Waste Management

Deliverables

- Functional website.
- Database system.
- Complaint tracking mechanism.
- Data analytics dashboard.

Priority Level: HIGH

Phase B – Ground Data Collection

Team Name

NAGORIK BONDHU

Core Responsibilities

1. Verify grievances received through the portal.
2. Conduct field surveys.
3. Gather photographic and video evidence.
4. Collect local statistics.
5. Maintain area-wise records.

Social Work Responsibilities

Environmental Activities

- Tree plantation drives.

- Local cleanliness campaigns.
- Plastic reduction awareness.

Community Support

- Blood donation awareness.
- Helping elderly citizens access government services.
- Assisting people during emergencies.

Education

- Free guidance sessions for students.
- Book and stationery donation drives.
- Digital literacy awareness.

Health Awareness

- Basic health awareness campaigns.
- Hygiene and sanitation awareness.
- Health camp coordination with local organizations.

Civic Awareness

- Awareness regarding citizen rights.
- Reporting civic issues responsibly.
- Public participation in local governance.

Priority Level: HIGH

Phase C – Awareness and Media Operations

Responsibility

Social Media Team

Tasks

1. Publish verified civic issues.
2. Create awareness campaigns.

3. Present collected statistics visually.
4. Promote grievance portal credibility.
5. Highlight solved civic problems.

Platforms

- Instagram
- Facebook
- YouTube
- Reddit
- X (Twitter)

Content Types

- Short documentaries.
- Data-based infographics.
- Before-and-after reports.
- Citizen interviews.
- Awareness reels.

Priority Level: MEDIUM-HIGH

3. VIDEO PRODUCTION UNIT

Chief Editor

Falak

Team Structure

Chief Editor + Two Members

Responsibilities

- Convert verified data into engaging videos.
- Maintain factual accuracy.
- Ensure ethical reporting.

- Coordinate with Social Media Team.

Output

- Reels
- Short documentaries
- Case-study videos
- Civic awareness content

4. EXPANSION STRATEGY

Stage 1

Small locality-level data collection.

Stage 2

Ward-level issue mapping.

Stage 3

Municipality-level data collection.

Stage 4

Constituency-level civic database.

Stage 5

Regional public issue reports.

5. FUTURE PLAN

After establishing a strong grievance portal:

1. Accept grievances through Instagram and other social media platforms.
2. Redirect users to the portal for structured reporting.
3. Create monthly civic issue reports.
4. Publish impact reports showing:
 - Total grievances received.

- Issues resolved.
- Areas covered.
- Awareness campaigns completed.

SUCCESS INDICATORS

- Number of grievances collected.
- Number of field verifications completed.
- Number of awareness campaigns conducted.
- Growth of portal users.
- Civic issues resolved through intervention.
- Volunteer participation in social work activities.

"Data → Awareness → Action → Positive Change"
